To Whom It May Concern:

It is my pleasure to provide this letter of introduction and recommendation for Chris Sorensen, founder and CEO of USA HELP, Inc. As Assessor-County Clerk-Recorder for Riverside County I have had the opportunity to work with Chris and others over the past several months presenting numerous foreclosure presentations to hundreds of Riverside County residents.

The HELP Program was conceived as a Public/Private enterprise by 2nd District Supervisor John Tavaglione and Chris Sorenson. Due to the slumping real estate markets, they recognized the need to provide property owners facing foreclosure or financial distress the education and information necessary to make the best decision possible in their unique circumstance.

Through Chris's efforts and leadership he has been able to bring together a panel of industry experts who have donated their time and talents to help the citizens of Riverside County navigate this financial minefield.

I am proud to be an active participant in the HELP Program, and while I know much needs to be done, I feel that our efforts are making a difference.

Please, if I can be of further assistance, don't hesitate to call.

Sincerely,

Larry W. Ward
