To Whom It May Concern:

The Corona Redevelopment Agency is proud to provide a letter of recommendation for USA HELP, Inc. The City of Corona has been impacted by the foreclosure crisis and recognizes the need for educational programs to assist our residents. The Redevelopment Agency respects and commends Chris Sorenson and USA HELP's efforts to educate the public by offering reliable information on this topic through seminars and internet resources.

It has been the goal of the City of Corona to develop an educational program to benefit out homeowners who are in trouble and facing economic hardships. In addition to developing USA HELP, panel members have been instrumental in assisting the Corona Redevelopment Agency in its development of a down payment assistance program. Their tireless efforts to help those who truly need it are a huge benefit to not just our community, but in a small way, to this housing crisis problem at large.

The Redevelopment Agency is a proud supporter of the program and the educational support it offers to our residents. It is without hesitation that I give my endorsement of the USA HELP program and I am certain that it is capable of making a difference in our City as well as yours.

Sincerely,

Darrell Talbert  
Redevelopment Director
