

RIVERSIDE COUNTY
Economic Development Agency

24 August 2009

To Whom It May Concern:

The County of Riverside's Economic Development Agency is proudly sponsoring the HELP program in an effort to increase the education of our community's troubled residences and prospective homebuyers. The County of Riverside is one of the hardest hit areas of the foreclosure crisis. We have recognized the need for educational outreach to our homeowners and stand behind this programs efforts to offer free, accurate and reliable information to our public via live seminars and internet resources.

I would recommend that Cities also adopt this program as one of their main educational programs because it is one of the few that offers a well-rounded and experienced source of knowledge regarding a variety of topics, as well as the backing of a well-respected group of Board Members.

The County of Riverside has had great success with this program to date, and we look forward to helping USA Help, Inc. increase its exposure to the public so that our residences can have all the tools necessary to make the right decisions for their families.

Sincerely,

Emilio Ramirez
Assistant Director
